

## Beos Lounge Chair

### Grado Contract

Stocked (2 weeks)

Grado and German design studio designschneider jointly developed a product suitable for multiple scenarios, Beos Lounge. The main body of the Beos Lounge Chair is inspired by the golden segment line of the shell. Besides the shape determined by curvature in the three-dimensional space, the backrest and armrest are designed as an integrity following an attachable headrest, which better ensures the unity of the chair.
