

ET Chair Castledex

6-8 weeks

The overall shape of the ET chair is light, and the slightly wide backrest is more in line with the appearance of ET. It is fixed by two spherical metal parts on the back, and it looks like the eyes of an alien. The unfolding of the foot stand adds interest to this product, which is different from other leisure chairs. In order to meet the user's good use experience, ET Chair is treated in strict accordance with ergonomics.
