

Able

P4 Collection

12+ Weeks

Bla Station is not new to addressing issues such as sustainability, durability, and timelessness having focused on these factors in all designs since their birth in 1986. However, could all questions and demands be addressed in one product? Could one product be sustainable, recyclable, upgradeable, changeable, renewable, dismountable, traceable, serviceable, adaptable, and still lovable? ABLE is more than a chair, more than an armchair.

Specifications

Product Height 760 | 830 mm
