

Dent Wood | Bar Bla Station

16+ Weeks

Dent Wood adds a human touch to contemporary clean and overly strict architecture while questioning the modernist heritage where the straight and meticulously polished are the norm. Dent's uncontrolled flow of shapes offers a contrast to interior spaces that are often experienced as being too perfect. Even the architecture comes alive in the presence of Dent.

Specifications

Product Height 970 mm

Product Width 430 mm

Product Designer Stainless steel foot ring.

Seat Depth 400 mm

Product Depth 550 mm

Made In Sweden

Seat Height 650 mm
