

# Isola Acoustic Raft Acustico Lighting

6-8 weeks

Isola uses sophisticated design and intelligent sound absorption, offering a perfect balance of aesthetics and functionality. With a diameter of 950mm and a variety of color options, it allows for seamless customisation to suit any space. This acoustic pendant elevates environments with its elegant presence, creating an atmosphere that is both calm and inviting. Crafted from high-quality acoustic foam, certified to Global GreenTag Rate: Level A, the Raft is proudly made in Australia.
