

Levels Bench Solo +Halle

16+ Weeks

The intuitive sofa system Levels is Form Us With Love's response to +Halle's brief on dwelling; an answer to a break in the day, a seat for a quick lunch or a place for a short read. What began as concepts and ideas of a seating landscape, where a natural pause can be experienced together or individually, became an interlaced structure allowing for dwell-time facing different directions, far apart, and at different eye levels.
