

Nordica 601

Billiani

16+ Weeks

Marco Ferreri reinterprets an icon of Scandinavian design, the classic cockpit seat, and creates a chair of great constructive simplicity with a touch of elegance. And if the shape is Nordic-inspired, the technique follows the Billiani tradition, with visible fillet cuts, turned base and increased thicknesses. The curved backrest, which extends to form the armrests, gives Nordica a very specific personality, welcoming those who sit in it with just the right comfort.
