

## Puccio 710

Billiani

2 weeks (Stocked)

The Puccio collection started life based on milking stools, perfectly designless and designer-free seating which, thanks to its functionality, has survived unchanged through the centuries. Over time, the Puccio collection has evolved to include tables and chairs alongside stools of various heights. Designed for use where space is at a premium, as well as the ashwood frame version with open-pore ash seat, the Puccio family is also available with a steel frame.
