

K2 Lounge Chair +Halle

16+ Weeks

K2 is a classic modern lounge chair, which silhouette is inspired by the K2 mountain. The wide and asymmetric design of the shell offers a very strong visual identity and a very high degree of functionality. The wide seat allows various seating positions for increased comfort while the asymmetrical back works perfect as an armrest. The chair's captivation is the same from all angles and it is therefore very suitable as a freestanding chair. The return swivel base is in brushed stainless steel.

Specifications

Product Height 760 mm
