

Otto Bar Table

Grado Contract

Stocked (2 weeks)

The minimalist geometric lines of OTTO TABLE alleviate the concreteness of its 'spatial identity', making it more flexible in collocation with the office space, reading room, sharing space and water bar. In order to meet the needs for enterprise conference of different sizes, conference tables of six dimensions and barstools of three dimensions are derived from the OTTO TABLE series based on the golden ratio after numerous tests to satisfy both formal and informal communication.
