

# Long Tail Focus Pod

## PLN Group

12+ Weeks

The Long Tail Focus Pod provides a destination touch-down point which offers both acoustic and visual privacy for individual focused work. The inclusion of nanofibre in this pod gives it a high level of acoustic performance - shielding the user from noise. The free-standing unit can be placed anywhere in the office and can move to suit users who require flexibility in their floor plate. Internally-routed cable management facilitates power and data solutions built into the work surface.

### Specifications

---

Product Height 1320 mm  
Product Width 820 mm
