

Speedlock Shelving Castledex

6-8 weeks

Made from the same beams and uprights we use in pallet racking, Speedlock is the ultimate in economical, heavy-duty shelving. The wide selection of beam sections and lengths means it can suit almost any space, while the bolted construction ensures it's fully adjustable and can be fitted with timber or mesh shelves.

Specifications

Product Height 600, 750, 840, 900, 1000, 1050, 1200, 1300, 1350, 1500 mm	Product Depth 900, 1800, 2400, 3000 mm
