

Talli Fluxwood

6-8 weeks

Talli is a striking linear beam like pendant crafted in solid timber. The tall form allows more of your chosen timber to be displayed, and the shape is softened with subtly curved edges. While the height of the pendant is much taller than other designs in our range, the slim profile means that it does not feel overwhelming in the space. This pendant would look stunning in any setting.

Specifications

Product Height 138 mm

Product Width 900 - 2000 mm
