

## Chips MSG Chairs&More

12+ Weeks

Sleek and slick, the Chips collection is a true eye-catcher, with its unmistakably upbeat, trendy style. Chips is a set of chairs and stools, the back of which is, without doubt, their most iconic and characterising feature. With its ample curves and generous size, it almost seems to transcend the limits of mere functionality, and by extending beyond the seat, it redefines its space in novel ways, giving rise to an original and captivating creation.

### Specifications
