

Column Workstation Klaro Design

6-8 weeks

CUA Approved ●

The monolith visual language is achieved by using mild steel tube legs, landing itself perfectly to more organically shaped configurations, where required. Somewhat classical leg style allows a seamless integration into the built environment, as well as, providing ample knee room due to the generous top overhang allowances.

Specifications

Product Height 450 - 1100 mm

Product Width Fully custom mm

Product Depth Fully custom mm

Made In China (assembled in Australia)
