Markant

2 weeks (Stocked)

Workways uses well thought out basic modules. A seat element, a corner element and an ottoman element. In combination with a high or low back, you can easily put together your own sofa. The furniture can be put together in a different way every time. It is not only possible to easily adjust the design and extend the lifespan of the furniture, all the raw materials also can be easily separated at the end of the life-cycle.

Features

Workways is made of reusable wood and it is a combination of wastage from our worktop production and ash wood.

All covers have a zipper and can be removed for washing or replace with other color or fabric. This extends the life of your furniture.

The cushions of the sofa are made of circular foam. The Ancora fabric is produced in an environmentally friendly way, without using water from a by-product of energy production. The fabric is 100% recyclable and can be recycle up to 10 times.

Workways can be easily installed in different ways due to multi-functional elements.
