

E-quo EQ2000

True Design

12+ Weeks

A new, unusual and hybrid item with clean lines and an essential shape: a multiple seat product, halfway between a bench for seating and a fence for leaning for a short recharge break. With compact dimensions and a vertical development up to 60 cm, E-QUO is equipped with electrical wiring and USB ports suitable for all electronic devices; created for a temporary stop in a semi-erect position allows you to recharge your laptop.
