

## Wing Table

### True Design

12+ Weeks

WING is a table created for working areas, but it can also fit inside a home-office or domestic environment. It is characterized by a wooden frame inspired by the sawhorse of the working tables, and the rounded shape of the top with its contemporary lines. Defined by great flexibility, WING can be completed with acoustic panels, a brass reading lamp and wooden or metal trays that are installed on the large central channel through a magnetic fixing system.
